

Peter Brunt Counselling

Hello

My name is Peter. I come to counselling from a career teaching adults, but have been counselling clients for more than thirty years. I hold a Master of Counselling from Massey University, Palmerston North.

I am a member of the New Zealand Association of Counsellors with my practice being guided by the Code of Ethics of this Association. Confidentiality is a key concern. Critical to my counselling practice is the fact that I am supervised by an accredited supervisor. I meet with her for clinical supervision on a regular basis.

Therapy sessions last for 50 to 60 minutes. The frequency of sessions is arranged for each client as she or he requires. My fees are per session for a person or a couple. For those on a benefit or low income, funding is available through the Department of Work and Income. You may also be eligible for a referral through your GP and funded by the regional PHO.

Appointments may be made at the **Stoke Medical Centre, 470 Main Road Stoke, 03 5477488** or changed by contacting me on any of the details below:
