

## Stoke Medical Centre - New Zealand Immigration Medicals

Welcome to Stoke Medical Centre. We offer Immigration Medical Checks to fulfill the requirements of the New Zealand Immigration Service. This service is not funded in any way, which means that you are required to pay for the full cost of this service.

You are required to book an initial 45min appointment with one of our doctors, (30mins for children)

Please ensure that you bring with you:

- Your immigration medical form with your section already completed.
- Your new passport sized photographs
- Any medical / immunisation records that you have
- Your passport as proof of Identity

During the initial appointment the doctor will:

- ✍ Take your medical history
- ✍ Perform an examination
- ✍ Complete your blood test request forms
- ✍ Complete you radiology (x-ray) request forms

In some cases, 45 minutes may not be long enough and you may be required to re-book a further appointment to complete your initial examination.

Once you have completed yours blood tests and x-ray, you will be required to attend a follow up doctors' appointment. This must be with the same doctor as your first appointment. This appointment will generally be for a standard 15min appointment, but as with the initial consult, may be longer depending on the complexity of your medical history. At this appointment the doctor will review your blood and x-ray results and complete your immigration medical form.

### **FEES**

The cost of an immigration medical is a **minimum** of \$264.00 for adults (4 x 15 mins) and **minimum** of \$132.00 for children under the age of 16 (2 x 15 mins). This fee is required to be paid at least one day prior to your first appointment.

As already stated - for more complex cases, additional time may be required to complete the required information, and therefore an additional consult time may be required, and incur an additional charge per 15 minutes.

**No refund will be given for missed appointments. Cancellations made on the day may incur a cancellation fee of up to \$132.**

**Also please note that Radiology and Laboratory charge separately for their services. Please make enquires with them regarding their charges.**

**All children under 16 years of age must be accompanied during the medical examination by a parent or guardian.**
