

STOKE MEDICAL CENTRE

Travel Vaccines

- In order to determine your health needs please complete this form several days before your travel vaccine appointment for your doctor to check and return it to the practice.
- Payment is required at the time of consultation. There is a **\$66 charge for seeing the travel doctor** and a **nurse injection charge of \$15**.
- In addition to this you are charged for the cost of the vaccines required for the area that you are travelling in. As prices change from time to time please ask the receptionist for these costs. **Prices of vaccines range from approximately \$25 to \$135 each. (NOTE – YOU MAY REQUIRE SEVERAL DIFFERENT VACCINES – Please enquire about prices BEFORE administration of the vaccines)**
- Please attach a copy of your itinerary to this form.
- Once your form is completed – please book your appointment to see the travel doctor and also ask for an appointment following this with the nurse as you may be able to receive the required vaccines on the same day.
